## INDEPENDENT AUDIT REPORT TO THE MEMBERS OF SOUTH PACIFIC BUSINESS DEVELOPMENT

## Scope

We have audited the accompanying balance sheet of South Pacific Business Development (SPBD) as of 31 December 2007 and the related statements of income and expenditure and cash flows for the year then ended. These financial statements are the responsibility of the enterprise's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with International Standards on Auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement. An audit includes examining, on a test basis evidence supporting the amounts and other disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The terms of reference for this audit also requires us to express a conclusion as to whether the financial statements of SPBD comply with the Disclosure Guidelines for Financial Reporting by Microfinance Institutions. These guidelines are voluntary norms recommended by a consultative group of international donors. Thus an institution's failure to comply with these guidelines would not necessarily imply that the institution or its financial statements are in violation of any legal or other accounting or reporting standard.

## Opinion

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

These accounts are prepared in accordance with the historical cost convention. Accrual accounting is used to match expenses with revenues. Generally accepted accounting principles have been applied.

## (b) Depreciation

Depreciation is calculated so as to write off the net cost of each fixed asset during its expected useful life. The principal rates and methods used are as follows:

| Office Equipment | 5 years | Straight line |
| :--- | :--- | :--- |
| Computers | 5 years | Straight line |
| Furniture and Fittings | 5 years | Straight line |
| Leasehold Improvements | $4-5$ years | Straight line |
| New/Used Motor Vehicles | $2-5$ years | Straight line |

## (c) Foreign Currency

All amounts are expressed in Samoa Tala currency. Transactions in foreign currency have been converted to Samoan Tala amount at the monthly end exchange rates for the month in which they occurred. Liabilities in foreign currencies at balance date have been converted at rates ruling at that date. Exchange differences are taken to the statement of revenues and expenditures as foreign exchange gain or loss.

## 11 MEMBER SAVING DEPOSITS

SPBD developed the micro-savings program in partnership with UNDP and Westpac Bank. SPBD formally launched the micro-savings program on October 7th, 2004 following a 3-month pilot-test period and required consultations with the Central Bank of Samoa. Any SPBD new member can open up a savings account with a minimum of ST $\$ 10$ deposit SPBD also enhanced its Savings policy in 2007 whereby $5 \%$ loan retention goes into a members Savings Account. SPBD is not a regulated financial intermediary and does not therefore use client deposits for on-lending.
Members can withdraw money with prior notice or anytime for emergencies. SPBD provides monthly saving reports to the Central Bank of Samoa. The 5\% loan retention can only be withdrawn by a member after the latest loan is fully paid off. SPBD deposits collected savings daily in a segregated bank account at Westpac Bank.

## 12 GENERAL

SPBD is a microfinance organization founded by Gregory F. Casagrande, which was registered on 18 January 2000. SPBD is a Grameen Bank replication and as such provides training, unsecured credit and motivation to mostly poor women for the purpose of starting or expanding small businesses. These small businesses enable SPBD's members to significantly improve the lives of their families. SPBD also provides unsecured housing improvement and childhood education loans to members with successful businesses. SPBD also provides savings and insurance products to its members.

## A. Loan Loss Provisioning

SPBD conducts loan loss provisioning every quarter to maintain an adequate reserve for doubtful loans. The reserve is determined by applying predicted loss percentages to aged loans grouped by lateness of payment. A loan becomes late as a weekly scheduled payment is missed. SPBD applies the following conservative predicted loss ratios.

Provisioning Ratios for Group Loans

| 1 week to 4 weeks late | $5 \%$ |
| :--- | ---: |
| 5 weeks to 8 weeks late | $10 \%$ |
| 9 weeks to 12 weeks late | $25 \%$ |
| 13 weeks to 16 weeks late | $50 \%$ |
| 17 weeks to 20 weeks late | $75 \%$ |
| 21 weeks or more | $100 \%$ |

Loan Loss Provision is calculated as a flat rate to be applied on the loan balance outstanding in arrears.

## B. 2007 Write-Offs

| Loan Type | \# of Loans | Write off WST | Amount as \% of <br> Loan Portfolio |
| :--- | :---: | ---: | ---: |
| Loan Insurance Losses | 9 | 4,995 | $0.22 \%$ |
| Loan Loss | 50 | 15,509 | $0.67 \%$ |
| Total | $\mathbf{5 9}$ | $\mathbf{2 0 , 5 0 4}$ | $\mathbf{0 . 8 8 \%}$ |

The decision as to which loans to write off in 2007 was made taking into account the age of the outstanding loan, the balance of the outstanding loan compared to the cost effectiveness of legal recovery and management's own evaluation of the likelihood of recovery. This was reviewed to include all loans that have already passed their maturity date after June 30, 2007.

## C. Movement in Loan Loss Reserves

Loan loss reserve is increased by annual loan loss provisioning expense and decreased by loan write-offs.

| WST | $\mathbf{2 0 0 7}$ | $\mathbf{2 0 0 6}$ |
| :--- | ---: | ---: |
| Loan Loss Reserve - January 1, 2007 | 27,555 | 29,152 |

## D. Portfolio Composition

SPBD adopts the Grameen Bank's group solidarity lending methodology. SPBD's loan portfolio consists of two types: client loans and staff loans. Group Loans are made under the provisions of SPBD Credit Manual. Staff loans are made under the provisions of the Employee Loan Program as outlined under SPBD Human Resources Policy Manual.

SPBD offers two group loan products: (1) 52-week loan product; and (2) 17 weeks loan product. Maximum first loan sizes are ST\$750 and ST\$300, respectively. Both loans are amortized in weekly equal instalments. Both loan types are unsecured. The first loan (regardless of loan product) should be used exculsively to expand or establish a microenterprise to be managed by the client herself. Subsequent loans can be used for any or a combination of the following purposes: business, home improvement and education of children. Loans are disbursed at the SPBD office, but loan repayments are collected at the village-based weekly meetings by SPBD staff. A loan must be paid off before another loan is issued to the same client

## Loans Disbursed during 2007

| Loan Type | \# of Loans | Principal <br> Amount | Amount as <br> \% of Total <br> Portfolio |
| :--- | ---: | ---: | ---: |
| Group loans | 3,902 | $4,678,240$ | $98 \%$ |
| Staff loans | 33 | 99,364 | $2 \%$ |
| Total | 3,935 | $4,777,604$ | $100 \%$ |

Loans Disbursed during 2006

| Loan Type | \# of Loans | Principal <br> Amount | Amount as <br> \% of Total <br> Portfolio |
| :--- | ---: | ---: | ---: |
| Group loans | 3,592 | $3,765,329$ | $99 \%$ |
| Staff loans | 101 | 49,394 | $1 \%$ |
| Total | 3,693 | $3,814,723$ | $100 \%$ |

SPBD clients must use the first loans for starting or expanding micro-businesses. If these micro-businesses are doing well, they can then apply for housing improvement and educational loans for their subsequent borrowings. Housing improvement loans are typically used to buy concrete, timber, roofing, plumbing or electrical supplies to significantly upgrade their homes. Educational loans are typically used to pay for school fees, school uniforms and text books.

## E. Portfolio Quality

SPBD loan staff's number one priority is to keep the loan portfolio healthy. They strictly apply the credit rules and policies outlined in SPBD Credit Manual. As SPBD offers only unsecured loans, we rely on good client and project selection as a primary tool to ensure portfolio quality. When a client does not have a payment, we apply the group guarantee policy and ask her group members to make a payment for that client. The principle of group guarantee is clearly communicated and explained in program training, knowledge test, loan application and loan interview; and is regularly reinforced through weekly meetings and periodic trainings.

SPBD defines portfolio at risk (PAR) as:
Outstanding principal amount of all loans that have one or more instalments of principal past due by 30 days
Gross Loan Portfolio

A loan is considered in arrears when a due weekly payment is missed and that group guarantee does not work. SPBD does not have any late or penalty fees. SPBD staff then follows the procedures outlined in the SPBD Credit Manual to get clients in arrears back on track as soon as possible. Several steps are taken up to and including, initiating the legal recovery process. A significant portion of loan staff compensation is directly linked to the quality of loan portfolio under his/her management. Parallel to these efforts, SPBD provisions to ensure that adequate reserves are maintained for potential losses as outlined under SPBD Loan Loss Provisioning and Write-Off Policies outlined in note A above.

Staff loans in arrears as at 31 December 2007 represent unpaid loans of five staff who left in 2004-2007.
