## INDEPENDENT AUDIT REPORT TO THE MEMBERS OF SOUTH PACIFIC BUSINESS DEVELOPMENT FOUNDATION

## Scope

We have audited the accompanying balance sheet of South Pacific Business Development Foundation (SPBD) as of 31 December 2009 and the related statements of revenue and expenditure and cash flows for the year then ended. These financial statements are the responsibility of SPBD management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with International Standards on Auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement. An audit includes examining, on a test basis evidence supporting the amounts and other disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The terms of reference for this audit also requires us to express a conclusion as to whether the financial statements of SPBD comply with the Disclosure Guidelines for Financial Reporting by Microfinance Institutions. These guidelines are voluntary norms recommended by a consultative group of international donors. Thus an institution's failure to comply with these guidelines would not necessarily imply that the institution or its financial statements are in violation of any legal or other accounting or reporting standard.

## Opinion

In our opinion, proper accounting records have been kept by South Pacific Business Development Foundation as far as appears from our examination of these records and the financial statements give a true and fair view of the financial position of South Pacific Business Development Foundation as of December 31, 2009, and of the results of its operations and its cash flows for the year then ended in accordance with generally accepted accounting principles.

We conclude that the financial statements herein with the additional disclosure footnotes comply with the disclosure guidelines for financial reporting by microfinance institutions in all material respects.

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## (a) Basis of Accounting

These accounts are prepared in accordance with the historical cost convention. Generally accepted accounting principles have been applied.
(b) Depreciation

Depreciation is calculated so as to write off the net cost of each fixed asset during its expected useful life. The principal rates and methods used are as follows:

| Office Equipment | 5 years | Straight line |
| :--- | :--- | :--- |
| Computers | 5 years | Straight line |
| Furniture and Fittings | 5 years | Straight line |
| Leasehold Improvements | $4-5$ years | Straight line |
| New/Used Motor Vehicles | $2-5$ years | Straight line |

## (c) Foreign currency

All amounts are expressed in Samoa Tala currency. Transactions in foreign currency have been converted to Samoan Tala amount at the monthly end exchange rates for the month in which they occurred. Liabilities in foreign currencies at balance date have been converted at rates ruling at that date. Exchange differences are taken to the statement of revenues and expenditures as foreign exchange gain or loss.
Exchange rates used:

|  | 31-Dec-09 | 31-Dec-08 |
| :--- | ---: | ---: |
| NZD/WST | 0.5411 | 0.5736 |
| USD/WST | 0.3925 | 0.3358 |
| EUR/WST | 0.2677 | 0.2347 |

(d) Income and grants

SPBD generates income from several main sources and are recognised on the following basis:
(i) Interest income from loans receivable and term deposits

As at January 2008, management has now recorded interest income from loans and term deposits on cash basis.

## (ii) Insurance income

SPBD charges and with-holds a $2 \%$ insurance on the principal amount + interest on the loans issued to the customers as security in case the customer dies before full payment of their loans. (this only applies to group loans). This insurance is treated as an income for SPBD as it is not refundable to the customer upon payment of the loan and is recognised in the period in which they are received.

## (iii) Loan recoveries

Loan recoveries are cases of default loans which have been handed over to SPBD's solicitor for collection of repayments and are recognised in the period they are received.
(iv) Savings fees

A $\$ 2$ fee is charged by SPBD to its members when they withdraw from their savings account and are recognised in the period in which they are received.

## (vi) Grants

Grants are from overseas donors for financing tsunami cash relief effort and cash for work projects and are recognised in the period in which they are received.

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(e) Expenses

SPBD's expenses are recorded on an accrual basis.
(f) Income tax

SPBD is registered as a charitable organization under the Charitable Trust Act 1965. Charitable organizations are not liable for income tax, according to the Income Tax Act 1974.
(g) Comparative figures

This is the tenth year since SPBD started its operations. The audited figures for the year then ended 31 December 2008 has been provided herewith for comparison.

## Gregory F. Casagrande

This is a long term, $0 \%$ interest loan from Gregory F. Casagrande, SPBD's Founder, Chairman and President. The loan has been used to finance the start-up and growth of SPBD. The loan balance as of 31 December 2009 is NZD $\$ 655,000$ (WST $\$ 1,210,497$ ) and USD $\$ 40,000$ (WST $\$ 101,911$ ) respectively.
The loan with Mr. Casagrande is governed by a Master Loan Agreement, the major provision of which includes 0\% interest rate, and a quarterly repayment schedule going through to 31 December 2011. The total loan repayment made in 2009 was NZD \$300,000 and USD \$20,000, thus reducing loan balances as of December 31, 2009 to NZD \$655,000 and USD \$40,000

## Micro Dreams (used to be known as SPBD USA)

There were two additional loans acquired from Micro Dreams in 2009 to assist SPBD in financing its activities. SPBD received SAT $\$ 300,000$ and USD $\$ 80,772.63$ in 2009, and repaid back USD $\$ 75,773$, which has then reduced a balance of outstanding loan as of 31 December 2009 to USD \$60,000 and SAT \$300,000.00 respectively.

## 11 MEMBER SAVING DEPOSITS

SPBD developed the micro-savings program in partnership with UNDP and Westpac Bank. SPBD formally launched the micro-savings program on October 7th, 2004 following a 3-month pilot-test period and required consultations with the Central Bank of Samoa. Any SPBD new member can open up a savings account with a minimum of ST $\$ 10$ deposit. SPBD also started its Savings policy in 2007 whereby $5 \%$ loan retention goes into a members Savings Account. SPBD is not a regulated financial intermediary and does not therefore use client deposits for on-lending. Members can the withdraw money with prior notice or anytime for emergencies. SPBD provides monthly saving reports to Central Bank of Samoa. The 5\% loan retention can only be withdrawn by a member after the latest loan is fully paid off. SPBD deposits collected savings daily in a segregated bank account at Westpac Bank.

## 12 GENERAL

SPBD is a microfinance organization founded by Gregory F. Casagrande, which was registered on 18 January 2000. SPBD is a Grameen Bank replication and as such provides training, unsecured credit and motivation to mostly poor women for the purpose of starting or expanding small businesses. These small businesses enable SPBD's members to significantly improve the lives of their families. SPBD also provides unsecured housing improvement and childhood education loans to members with successful businesses. SPBD also provides savings and insurance products to its members.

## A. Loan Loss Provisioning

SPBD conducts loan loss provisioning every quarter to maintain an adequate reserve for doubtful loans. The reserve is determined by applying predicted loss percentages to aged loans grouped by lateness of payment. A loan becomes late as a weekly scheduled payment is missed. SPBD applies the following conservative predicted loss ratios.

## Provisioning Ratios for Group Loans

| 1 week to 4 weeks late | $5 \%$ |
| :--- | ---: |
| 5 weeks to 8 weeks late | $10 \%$ |
| 9 weeks to 12 weeks late | $25 \%$ |
| 13 weeks to 16 weeks late | $50 \%$ |
| 17 weeks to 20 weeks late | $75 \%$ |
| 21 weeks or more | $100 \%$ |

Loan Loss Provision is calculated as a flat rate to be applied on the loan balance outstanding in arrears.
B. 2009 Write-Offs

| Loan Type | \# of Loans | Write off <br> WST | Amount as \% of <br> Loan Portfolio |
| :--- | :---: | ---: | ---: |
| Loan Insurance Losses | 19 | 11,605 | $0.32 \%$ |
| Loan Loss | 172 | 50,462 | $1.39 \%$ |
| Total | $\mathbf{1 9 1}$ | $\mathbf{6 2 , 0 6 7}$ | $\mathbf{1 . 7 0 \%}$ |

The decision as to which loans to write off in 2009 was made taking into account the age of the outstanding loan, the balance of the outstanding loan compared to the cost effectiveness of legal recovery and management's own evaluation of the likelihood of recovery.
Twelve SPBD members died in the first six months of 2009, and one of them paid off her loan before she passed away. The total outstanding balances of 11 dead members have been provisioned and written off during the 1st half of 2009.
C. Movement in Loan Loss Insurance Loss

Loan loss reserve is increased by annual loan loss provisioning expense and decreased by loan write-offs.

## D. Portfolio Composition

SPBD adopts the Grameen Bank's group solidarity lending methodology. SPBD's loan portfolio consists of two types: client loans and staff loans. Group Loans are made under the provisions of SPBD Credit Manual. Staff loans are made under the provisions of the Employee Loan Program as outlined under SPBD Human Resources Policy Manual.

SPBD offers two group loan products: (1) 52-week loan product and (2) 17 weeks loan product. Maximum first loan sizes are ST1,000 and ST\$300, respectively. Both loans are amortized in weekly equal instalments. Both loan types are unsecured. The first loan (regardless of loan product) should be used exculsively to expand or establish a microenterprise to be managed by the client herself. Subsequent loans can be used for any or a combination of the following purposes: business, home improvement and education of children. Loans are disbursed at the SPBD office, but loan repayments are collected at the village-based weekly meetings by SPBD staff. A loan must be paid off before another loan is issued to the same client.

## Loans Disbursed during 2009

| Loan Type | \# of <br> Loans | Principal <br> Amount | Amount as <br> \% of Total <br> Portfolio |
| :--- | ---: | ---: | ---: |
| Group loans | 4,916 | $6,701,810$ | $99 \%$ |
| Staff loans | 60 | 84,801 | $1 \%$ |
| Total | 4,976 | $6,786,611$ | $100 \%$ |

## Loans Disbursed during 2008

| Loan Type | \# of <br> Loans | Principal <br> Amount | Amount as <br> \% of Total <br> Portfolio |
| :--- | ---: | ---: | ---: |
| Group loans | 3,841 | $4,981,703$ | $99 \%$ |
| Staff loans | 45 | 63,682 | $1 \%$ |
| Total | 3,886 | $5,045,385$ | $100 \%$ |

SPBD clients must use the first loans for starting or expanding micro-businesses. If these micro-businesses are doing well, they can then apply for housing improvement and educational loans for their subsequent borrowings. Housing improvement loans are typically used to buy concrete, timber, roofing, plumbing or electrical supplies to significantly upgrade their homes. Educational loans are typically used to pay for school fees, school uniforms and text books.

## E. Portfolio Quality

SPBD loans is staff's number one priority to keep the loan portfolio healthy. They strictly apply the credit rules and policies outlined in SPBD Credit Manual. As SPBD offers only unsecured loans, we rely on good client and project selection as a primary tool to ensure portfolio quality. When a client does not have a payment, we apply the group guarantee policy and ask her group members to make a payment for that client. The principle of group guarantee is clearly communicated and explained in program training, knowledge test, loan application and loan interview; and is regularly reinforced through weekly meetings and periodic trainings.

SPBD defines portfolio at risk (PAR) as:
Outstanding principal amount of all loans that have one or more instalments of principal past due by 30 days Gross Loan Portfolio

A loan is considered in arrears when a due weekly payment is missed and that group guarantee does not work. SPBD does not have any late or penalty fees. SPBD staff then follows the procedures outlined in the SPBD Credit Manual to get clients in arrears back on track as soon as possible. Several steps are taken up to and including, initiating the legal recovery process. A significant portion of loan staff compensation is directly linked to the quality of loan portfolio under his/her management. Parallel to these efforts, SPBD provisions to ensure that adequate reserves are maintained for potential losses as outlined under SPBD Loan Loss Provisioning and Write-Off Policies outlined in note A above.

Staff loans in arrears as at 31 December 2009 represent unpaid loans of ex-employees who have not paid back their loans as per legal agreement. The majority of these files have been referred to our lawyer for collections through legal action.

## Restructured Loan

All loan restructuring shall be a client's decision. This was introduced to all our clients affected badly by the tsunami in September 29, 2009. After the tsunami, all affected clients have been given this opportunity to choose whether their existing loans with SPBD shall be resturctured, or they still have the ability and capacity to continue making weekly payments. Any loans to be restructured shall be approved by the respective center and any outstanding amount shall then be extended for another 52 weeks without charging any further interest. This was effective on September 29, 2010.

## F. Loan Accounts Outstanding

The number of outstanding loan accounts as at the end of the financial year were as follows:

| Number of outstanding loan accounts | 31-Dec-09 | 31-Dec-08 |
